Simple slide with three points shown all at once

# Simple slide with three points shown all at once

- ▶ Point 1
- ▶ Point 2
- ▶ Point 3

## Slide with some math

► 
$$f(x) = \sum_{n=0}^{\infty} \frac{f^{(n)}(a)}{n!} (x - a)^n$$

## Slide with a quote

*this would have taken me 30 minutes in LaTeX*
